

PULLURI RAHUL

Java Full-Stack Developer — Spring Boot — REST APIs — MySQL
pullurirahul315@gmail.com — +91-9398827510 — [Portfolio](#) — [GitHub](#) — [LinkedIn](#)

PROFESSIONAL SUMMARY

Results-driven Java Full-Stack Developer with hands-on experience building scalable web applications using Spring Boot, REST APIs, and MySQL. Proven expertise in developing secure multi-role systems with JWT authentication and responsive React.js frontends. Strong problem-solving skills with Agile methodology experience.

TECHNICAL SKILLS

Programming Languages: Java, C

Web Technologies: HTML5, CSS3, JavaScript, Bootstrap, React.js

Backend Frameworks: Spring Boot, Spring MVC, Spring Data JPA, Spring Security, Spring Mail

Database Management: MySQL, JDBC, Hibernate, JPA

APIs & Security: RESTful APIs, JWT Authentication, Google OAuth

Testing: Manual Testing, API Testing (Postman), Functional Testing, Regression Testing

Deployment & Cloud: Vercel, Railway, Render, Cloud Deployment, CI/CD Workflows

Development Tools: IntelliJ IDEA, Eclipse, VS Code, Postman, Git, Maven, Cloudinary, Swagger (OpenAPI)

AI Tools: ChatGPT, Claude (Anthropic), GitHub Copilot, Prompt Engineering

PROFESSIONAL EXPERIENCE

Associate Software Engineer — Atenas Code Private Limited

Sep 2025 – Present

- Developed and maintained Java Full-Stack web applications using Spring Boot, JDBC, HTML, CSS, Bootstrap, and JavaScript
- Designed and implemented RESTful APIs, integrating frontend and backend systems for seamless data flow and user experience
- Built responsive UIs and optimized SQL queries to enhance application performance and scalability
- Collaborated in an Agile environment contributing to coding, debugging, testing, and deployment using Git

KEY PROJECTS

Online Order Management System — Java, Spring Boot, React.js, MySQL, JWT, Google OAuth

- Engineered a scalable full-stack system with multi-role access (Admin, Staff, Customer) and JWT-based authentication
- Developed REST APIs with MySQL integration; added Google OAuth login and automated email notifications via Spring Mail
- Designed responsive React.js + Bootstrap frontend using clean layered architecture pattern
- Deployed backend on Render and frontend on Vercel with environment-based configuration and CI/CD workflow

Online Bookstore Application — Java, Spring Boot, MySQL, HTML, CSS, JavaScript, Bootstrap

- Built a full-stack platform for browsing, searching, and managing books with inventory and order management
- Created RESTful APIs for book catalog, user authentication, and cart functionality with an intuitive responsive UI
- Deployed on Railway (backend) and Vercel (frontend); performed manual testing across all user flows and features

EDUCATION

Kakatiya Institute of Technology and Science, Warangal

Aug 2021 – May 2025

B.Tech – Electronics Communication and Instrumentation Engineering

GPA: 7.38/10

SR Junior College, Telangana

2019 – 2021

Higher Secondary (MPC)

Percentage: 93%

Bharati Vidya Bhavan High School, Telangana

2019

Secondary School Certificate

GPA: 9.2/10

ACHIEVEMENTS

- Currently working as Associate Software Engineer at Atenas Code Private Limited (Sep 2025 – Present) with real-world enterprise application experience
- Proficient in Swagger/OpenAPI documentation for professional API design and integration standards
- Strong foundation in Agile development with hands-on experience in sprint planning, code reviews, and Git workflows
- Successfully deployed full-stack applications on Vercel, Railway, and Render with production-ready configurations
- Experienced in manual testing including test case creation, execution, and defect reporting across application modules
